GET LOST IN UMBRIA

01

Assisi, Umbria

Assisi is majestic, captivating, and ethereal. We highly suggest booking a private guided tour (in an open air mini car) to fully understand this remarkable town and its world-renowned spiritual history. More details on page (FILL IN)

We'd recommend visiting a couple of the Top Towns listed and a few of the off-the-beaten path villages listed on page (FILL IN). You really can have it all!

02

Spello, Umbria

A mesmerising medieval village just 45 minutes from the Estate (right next to Assisi). Wander up the hill, get lost in the famous streets filled with flower boxes, meander back down and finally indulge in a slow lunch at Ristorante Locanda del Postiglione.

03

Orvieto, Umbria

A remarkable town on top of a cliff. Just over an hour from the Estate - very much worth a day trip! Make sure to climb Saint Patrick's Well (found nearby the car park) and explore the Duomo in the centre of town. Wander the streets and get lost in the touristy buzz.

We'd recommend visiting a couple of the Top Towns listed and a few of the off-the-beaten path villages listed on page 4. You really can have it all!

04

Perugia, Umbria

An incredible medieval city filled with youthful vibes. Park on Viale Roma near Stazione St. Anna. Then put Centro Storico Perugia in your map, which will guide you on amazingly winding and inclined streets. Enter the city through stone arches and ominously tall, ancient buildings. Each July Perugia hosts an internationally renowned Jazz festival - its a must. [A guide is recommended](#) in order to fully appreciate all its history.

05

Cortona, Tuscany

Technically Tuscany, but just 45 mins from the Estate and absolutely worth a half day spent strolling the streets, eating well, and shopping locally. The drive will take you along Lake Trasimeno - consider stopping at a winery nearby to taste the exceptional wines and delicacies of the area. Try: Azienda Agricola Carini or Madrevite.
